## PROFESSIONAL SUMMARY

---

I'm an enthusiastic, goal-driven and hardworking web developer with the ability to think critically and analytically. I have a methodical approach to work which is aimed at problem solving while also ensuring my work is of high quality. Able to work independently and as part of a team. I have a strong drive to see things through completion and work effectively under pressure. I'm a fast learner and also able to quickly understand difficult programming concepts.

## Projects

---
